Steve – W2SMS

Tate – KC7ZRU

Stephen – KE7AZG

Mark – NJ7T

Christine – KC7MJI

Introductions around

Congrats to Andrew for his new call

Review – minutes read from Sept and accepted as read.

Talked with Mark 'n Christine about getting the club repeater down from the Two Way site. Since this was supposed to have been done by mid-October-ish, we granted permission for Two Way to pull antenna and gear at their convenience. They may or may not have a crew going up for something. If it's still up by Spring, we'll deal with it then.

Mike and Steve have an ongoing discussion on ARES/RACES. Maybe getting all our gear standardized. Brief discussion of what power connectors to use – left it for later. Discussed how to organize for ARES/RACES.

Lots of discussion of club activities – or lack thereof, how to get the some 250 odd hams in Casper active together again.

What're we going to do???

Meeting informally adjourned about 9:00pm
