Reading of the last meetings's minutes:

Minutes of the past meeting were read and accepted as read, except for a fouled call sign that was a bastardization between K7AZF and AE7EC, it was agreed it should have read K7AZF.

Updates to old business:

A. Bruce was asked if he had a chance to evaluate the club's mutual funds performances, as to where we should deposit the recent income. He said he hadn't yet, but could see that a fund that had split into two parts needed to be combined. It was agreed that the funds should remain diversified, but the current income from the .235 site should be put into the best performer.

B. Memberships were brought up, and AE7EC mentioned he had paid, but had not received his card yet. That was taken care of during the meeting.

Call for New Business:

A. It was mentioned by Dwight, AE7YA, that we needed to update our ARRL roster information by February 14, or be dropped from the active roster. Tate – KA7O did it right in the meeting over the web.

Meeting was closed at 19:25.
